Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. This book will teach you how to play Christian hymns , Christmas carols , the blues , and meditative chants on the 6-hole Native American flute, even if you have no previous knowledge of music. Also included is a section that shows you how to compose your own tunes on the flute, a sound that will harken back to that mysterious, ethereal music we sometimes associate with the Native American flute. With its huge content of easy to learn tunes, this book emphasizes the sacredness of the Native American flute. There are 142 TABs, (tunes), and tutorials in this 267-page book. If you have always wanted to play the blues but didn't know how to begin, the comprehensive blues section will take you as deeply as you might want to go into the blues that so befits the Native American flute. From boogie riffs to sophisticated tunes, these tunes will make your jaw drop! In addition to the book itself are 142 MP3s where the author has played every tablature in the...
