Reviews

Great e book and helpful one. It really is written in straightforward terms and not hard to understand. You can expect to like how the blogger wrote this book.

(Hudson Christiansen)

THE SECRET HISTORY OF DOMESTICITY: PUBLIC, PRIVATE, AND THE DIVISION OF KNOWLEDGE

JOHNS HOPKINS UNIVERSITY PRESS, United States, 2007. Paperback. Book Condition: New. 234 x 155 mm. Language: English . Brand New Book. Taking English culture as its representative sample, *The Secret History of Domesticity* asks how the modern notion of the public-private relation emerged in the seventeenth and eighteenth centuries. Treating that relation as a crucial instance of the modern division of knowledge, Michael McKeon narrates its pre-history along with that of its essential component, domesticity. This narrative draws upon the entire spectrum of English people's experience. At the most public extreme are political developments like the formation of civil society over against the state, the rise of contractual thinking, and the devolution of absolutism from monarch to individual subject. The middle range of experience takes in the influence of Protestant and scientific thought, the printed publication of the private, the conceptualization of virtual publics-society, public opinion, the market-and the capitalization of production, the decline of the domestic economy, and the increase in the sexual division of labor. The most private pole of experience involves the privatization of marriage, the family, and the household, and the complex entanglement of femininity, interiority, subjectivity, and sexuality. McKeon accounts for how the relationship between public and private experience first became intelligible as a variable interaction of distinct modes of being-not a static dichotomy, but a tool to think with. Richly illustrated with nearly 100 images, including paintings, engravings, woodcuts, and a representative selection of architectural floor plans for domestic interiors, this volume reads graphic forms to emphasize how susceptible the public-private relation was to concrete and spatial representation. McKeon is similarly attentive to how literary forms evoked a tangible sense of public-private relations-among them figurative imagery, allegorical narration, parody, the author-character-reader dialectic, aesthetic distance, and free indirect discourse. He also finds a structural...
