This is the essential book for anyone who owns investment properties or is thinking about investing in real estate. Here, property investor and real-estate agent Mark Reister explains how you can make money from your investment properties and retire in 10 years. The steps involved are easy to follow: anyone can do it. If you've already bought an investment property, well done! You've taken the first step. But what comes next? The 73 of property investors who stop at only one property never find out how they could use that investment to secure a prosperous (and possibly early) retirement. The secrets are all here. If you're just starting, you will learn what to look for in your first property and how you can reach your investment goals. From there, you will find out how to maximise your property's value and use it to create wealth. You'll also improve your financial literacy, learn how to recognise the best time to sell, understand how to weigh rental return against capital growth, and increase your awareness of many other important issues affecting professional property investors. All it takes is Mark Reister's easy-to-follow plan and you could retire in 10 years. Dive in and find out how it's done.
