

Geometrical Lectures of Isaac Barrow

By Isaac Barrow

Cosimo Classics. Paperback. Book Condition: New. Paperback. 236 pages. Dimensions: 7.9in. x 5.0in. x 0.6in. English mathematician ISAAC BARROW (1630-1677), one of the inventors of calculus, had a profound impact on his student, Isaac Newton. Here, in this 1916 volume, British historian of mathematics JAMES MARK CHILD translates from the original Latin Barrows masterpiece, *Lectiones Opticae et Geometricae*, his lectures on mathematics, demonstrating Barrows essential role in the development of the higher math. Complete with Childs comprehensive introduction to Barrows life and notes and discussion on his work, this new edition of an important but hard-to-find book will intrigue students of the history of science and math lovers alike. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.

Reviews

I just began looking over this pdf. It is one of the most amazing pdf i have study. I discovered this book from my dad and i recommended this pdf to understand.

-- Merritt Kilback II

Good e book and useful one. I have got read and that i am confident that i will likely to go through once more again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.
