## THE LITERACY COACH S GAME PLAN: MAKING TEACHER COLLABORATION, STUDENT LEARNING, AND SCHOOL IMPROVEMENT A REALITY

DOWNLOAD

International Literacy Association, United States, 2014. Paperback. Book Condition: New. 229 x 178 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Literacy coaches, teachers, principals, and administrators alike share the common goal of student achievement - but when schools are practically overflowing with assessment data of all types, where do you begin to create a plan for improving literacy instruction across grade levels and content areas? In fact, the answer already hangs on every bulletin board, fills every journal, and is a part of every literacy program a school might choose: Student work is the way in . Instead of using assessments to merely label, grade, or determine whether students should move on to the next grade level and then neatly file the data away, The Literacy Coach s Game Plan shows you how to use student work to better understand how individual students are progressing, to make clear and public grade-level goals to differentiate the curriculum, and to ultimately plot the course of effective instruction. No more waiting for standardized tests to tell you how you are doing as a school! By using the strategies in this book, your individual coaching sessions and professional development workshops can remain continually focused on student progress.
