

## Atlas, Schmatlas: A Superior Atlas of the World (Hardback)

By Craig Robinson

Abrams, United States, 2007. Hardback. Book Condition: New. 282 x 220 mm. Language: English . Brand New Book. *Atlas, Schmatlas* is an absolutely silly, yet decidedly informative and comprehensive atlas of the world. Written and illustrated by Craig Robinson, who got a D on his O level geography exams, *Atlas, Schmatlas* has over 250 entries covering the globe, and is filled with colourful maps, graphs, illustrations of notable figures and famous residents, and even a quiz to test your knowledge of the flags of West African nations. Chock-full of questionable historical and geographical information, *Atlas, Schmatlas* will nevertheless teach you quite a bit about the world around you. You'll learn that Chad is the place you should go if you want to take photographs of sand, Central America is the region of the world where your dreams might be realized (if you want a career as a CIA-backed military dictator) and that Saint Peter and Paul Rocks are twelve little volcanic islands located between Africa and Brazil where the Brazilians dump all that waxed-off pubic hair. Isn't learning fun?.

### Reviews

*This pdf is wonderful. It is definitely simplified but excitement from the 50 percent in the ebook. You won't sense monotony at any time of your time (that's what catalogues are for relating to should you request me).*

-- Jaqueline Kerluke

*I just started looking at this pdf. It can be really fascinating through studying period of time. It's been printed in an extremely basic way and is particularly only following i finished reading through this publication where in fact altered me, change the way i really believe.*

-- Mr. Stephan McKenzie
