And everything has changed: is still changing, in fact, and everything you know is evolving and becoming an existence you hardly recognize. What do you do? You escape and redefine yourself by searching for a new place in which to belong and, in the process, find new hope. Through the landscapes of poetry, discover a story of heartbreak and renewal, of madness and resolution, of love and redemption. But remember that, even in leaving the place you always thought was home, sometimes the ghosts of your past have a nasty habit of chasing after you. With Tennessee Refugee, Michael David Anderson faces these changes and trials, and in this story you may find meaning not only in his life but in yours as well. For without memory, we are doomed to repeat ourselves.
