Life in DragonMech depends on the gigantic mechanized walkers that provide safety, shelter, and transportation. Behold a world reshaped by the mech! This hardcover campaign sourcebook offers the first detailed look at the world of DragonMech. Learn about the autocratic Stenian Confederacy, the mysterious Irontooth Clans, the ambitious Legion, and the ephemeral L'arile Nation, including new feats, mechs, and classes that allow you to personalize characters from those factions. Along the way, find your own answers to the mysteries of the Gearwrights Guild: Was there really a First Age of Walkers before the dawn of magic? Designed for use with DragonMech, Second Age of Walkers includes: * A comprehensive look at the four major factions shaping the world of DragonMech, including maps of their territory, descriptions of major personalities, and gazetteers of three important city-mechs: Durgan-lok, the first city-mech ever built; Haven, the human city-mech that threatens dwarven dominance; and Tannanliel, the reclusive magic-fueled city-mech of the elves * Everything a GM needs to shape adventures around the major themes of each faction: the Stenian military, the itinerant human tribes that now make up the Legion, the myriad individual clans of the...
