

## Flash Techniques For Location Portraiture: Single and Multiple-Flash Lighting Techniques (Paperback)

---

By Alyn Stafford

AMHERST MEDIA, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book. Small-flash photography has become widely popular because of its portability and affordability, and this book offers insights on mastering the use of small-unit, hot shoe-mounted flashes called flashguns. Demonstrating the various light modifiers, techniques, and setups designed for these small powerhouses of light, the book explores how to achieve creative results from working with a single flashgun, multiple flashguns, and colored filters, as well as making adjustments with the camera's white-balance settings. The guide lists the tools required for location-portrait photography and discusses different lighting setups--from shooting in direct sunlight to night and low-light photos--for various location-portrait situations, giving photographers the confidence to make lighting decisions to produce professional results.
