While nations still have their own names, there are no longer any borders. What was once 196 different governments and ideologies has been reduced to one. One of the most successful men in this new world is JaFrancis Brownell . A video game and book publisher, he is worth billions, with a fanbase to match. At the verge of publishing his 200th title, a friend brings to his attention something from the past that he didn t know existed, forcing him to come face to face with someone he hasn t seen in years.his father, Franklin. A writer who never made it, he is a bitter and bigoted man nearing the end of his life s journey. Angry at his son for not only ignoring his own natural gift for writing, but for his lifestyle choices as well, the two strong-willed men butt heads. But an unexpeced threat due to JaFrancis fame brings danger from those who want what he has. Now both father and son not only face years of hurt feelings, but a clock that will definitely strike midnight for one of them.but not in a way either one expected.
