Race Publishing, 2013. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. The heart of this book is to challenge common strategies when it comes to saving for retirement. What you ve learned from the schools, magazines, the media and from Wall Street itself may not be true; and is in fact, not true. Learn how to finance your own future and stop transferring it away to a system built to keep you coming back for more. Just how much do you know about that Federal Reserve Note that s in your wallet? The average person gives little to no thought of how money is created in the economy. Before you start thinking about where to put your money, it s important that you understand banking, economics, and how money works. It s absolutely critical. Once you understand the Banking Equation, you will learn to avoid being enslaved by the system. Have you been listening to financial advice that relies on common strategies available to everyone and promoted by Wall Street? Or, should you be using the more uncommon strategies the Wealth Creators have been using for decades to build tax-free wealth, tax-free retirement and guaranteed income for life.
