

The Four Components of a Fast-Paced Organization: Going Beyond Lean Sigma Tools

By Robert Baird

Taylor & Francis Inc. Hardback. Book Condition: new. BRAND NEW, The Four Components of a Fast-Paced Organization: Going Beyond Lean Sigma Tools, Robert Baird, If you examine the characteristics of successful organizations, you will find that speed is a common denominator. Once there is a focus on speed, industry-leading improvements follow, momentum is created, and employees become further engaged to continue executing the strategy. The Four Components of a Fast-Paced Organization: Going Beyond Lean Sigma Tools examines the components that must be in place for manufacturing and service organizations to achieve world-class business results at a rapid pace: leadership and mentoring, process design and visual value streams, organization structure for sustainment, and fast knowledge sharing. The book illustrates the author's experience working on a special Lean Sigma transformation at an organization going through a market alteration and having to consider outsourcing production to low-cost countries. It describes how the four key components helped the company achieve a doubling of productivity, a 75% improvement to its yield, and on-time delivery above 90%. Outlining a simple, yet effective, implementation plan, the book supplies valuable guidance for Lean practitioners and organizational leaders on what needs to be done after Lean Sigma. It presents...
